

Flair_2

SMALL TABLES

Contemporary lines and minimal design for the Flair_2 coffee table with wooden structure covered with porcelain stoneware that hides two containers with built-in handles. The rusty oxide finish lends the table a rough appearance that makes it suitable for environments with an industrial charm.

Central table with two containers. Structure in wood covered in porcelain stoneware with rusty oxide finishing. Wooden base with black lacquered finishing. Inside covered in microfibre. Black chromed built-in handles.
