

FOREST 1m

By Ramon Esteve

Ramón Esteve has designed for Vondom FOREST, a backlit piece shaped after a geometric abstraction of a Christmas tree.

Its clean, depurated lines make FOREST a sober, timeless complement. The interior lighting, with a RGB LED bulb system, creates a surrounding atmosphere due to the use of light and color, which can be adjusted according to the moment and the ambience desired.

FOREST is the result of a severe formal synthesis. Its high-quality material makes this piece lightweight as well as resistant. It is perfect for both indoor and outdoor spaces.

A magic tree that invites you to be immersed in the pure, beauty nature, together with your beloved ones, into this "illuminated forest" for such a special occasion as Christmas. View online: <https://www.vondom.com/products/54250>

Features

Description

Made of polyethylene resin by rotational moulding. 100% Recyclable. Item suitable for indoor and outdoor use. Available in different finishes.

Weight

6.24 Kg

FOREST Árbol 100 cm - 39 1/4"
FOREST Tree 100 cm - 39 1/4"

LIGHTING

LIGHT

Ref. 54250W

White internally lit unit with LED technology. Available only in matte ice white finish.

☐ ICE

RGBW LED

Ref. 54250L

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Available only in matte ice white finish. Remote control included.

☐ ICE

RGBW LED DMX

Ref. 54250D

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Also controlled by DMX-1024 (wireless), enabling communication between one or more products simultaneously via the DMX transmitter (not included). There are two options to choose from: Professional XLR DMX and Home WIFI DMX. (Remote control included).

Optional battery

☐ ICE

RGBW LED BATTERY

Ref. 54250Y

Unit with internal lighting with battery-powered RGBW LED technology. Includes charger and remote control for switching colors and charger. Available only in matte ice white finish.

☐ ICE

RGBW LED DMX BATTERY

Ref. 54250DY

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Also controlled by DMX-1024 (wireless), enabling communication between one or more products simultaneously via the DMX transmitter (not included). There are two options to choose from: Professional XLR DMX and Home WIFI DMX. (Remote control included).
