

DAKAR

design by Ferruccio Laviani

DAKAR

design by Ferruccio Laviani

Un lembo di legno che rialzandosi scopre la seconda natura dell'oggetto e rivela il suo segreto interiore. Dakar comunica la vibrazione estetica di due elementi distinti ovvero la sua pelle esterna, in legno naturale o finitura laccata, ed il suo lato "intimo" in metallo o in laccato. Un segno forte per un oggetto unico.

A piece of wood that lifts up and reveals the second nature of the furniture item, disclosing its inner secret. Dakar communicates the aesthetic vibration of two different elements, which are the external layer, made of natural wood or lacquered finish, and its "intimate" side, made of metal or lacquered finish. A strong distinctive feature for a unique object.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CURA E MANUTENZIONE DEL METALLO

I metalli utilizzati per i nostri prodotti sono di altissima qualità.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana di parti in metallo, acciaio e ottone, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua o con detergenti appropriati.

Non utilizzare prodotti abrasivi o aggressivi.

Pulire le macchie quando sono ancora fresche.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.

CARE AND MAINTENANCE OF METAL

The metal used for our products are of the highest quality.

Possible differences in colour tonality or shades are due to the characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of parts in metal, steel and brass, we suggest to use a soft or a microfiber cloth, dampened with water or with specific products.

Never use abrasive or aggressive cleansers.

Clean stains while they are still fresh.
