Contenitori

Materiali:

BASI: acciaio verniciato a polvere color nero opaco, piedino regolabile in metallo stampato.

PIEDINI: acciaio brunito. Sottopiede regolabile in termoplastica.

CONTENITORE: pannelli di particelle di legno (certificato classe E1, CARB P2/TSCA Title VI) in nobilitato nero Sablè. Oppure pannelli di listellare impiallacciati in rovere Dark, finito con vernice trasparente a base acqua o a base solvente.

CASSETTI: pannelli di particelle di legno (certificato classe E1, CARB P2/TSCA Title VI) in nobilitato nero Sablè per contenitori in nobilitato nero Sablè. Oppure pannelli di listellare impiallacciati in rovere Dark, finito con vernice trasparente a base acqua o a base solvente per contenitori impiallacciati in legno, montati su guide con meccanismo di ammortizzazione. Dotati di due divisori interni.

FRONTALI: pannelli di particelle di legno (certificato classe E1, CARB P2/TSCA Title VI) nobilitati, laccati lucidi in poliestere (vedi capitolo 'collezione materiali' a fine listino). Oppure pannelli di listellare impiallacciati rovere Dark spazzolato o rovere Dark freehand (design Piero Lissoni) finito con vernice trasparente a base acqua o a base solvente. Oppure pannelli di listellare impiallacciati rovere Dark accoppiati con lamiera De Castelli in ottone striato, acciaio striato grigio, acciaio délabré scuro o ottone freehand (design Piero Lissoni). Oppure pannello interno in alluminio strutturale rivestito con alluminio verniciato a polvere color nero DRY.

TOP: vetro riflettente retroverniciato caffè. Oppure pannello di particelle di legno (certificato classe E1, CARB P2/TSCA Title VI) nobilitato, laccato lucido in poliestere (vedi capitolo 'collezione materiali' a fine listino). Oppure in lamiera De Castelli in ottone striato, acciaio striato grigio, acciaio délabré scuro o ottone freehand (design Piero Lissoni).

ACCESSORI INTERNI (opzionali): multistrato rivestito in microfibra colore testa di moro.

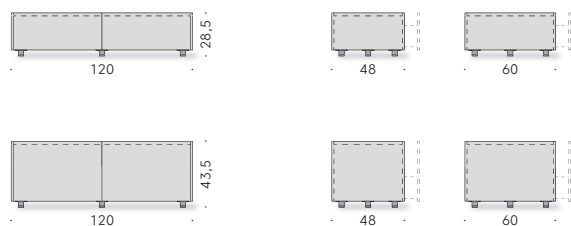

N.B.: i top in vetro e in lamiera De Castelli per contenitore in nobilitato, sono accoppiati ad un pannello nella stessa finitura del contenitore.

Cabinets

Materials:

BASE: matt black powder-coated steel. Adjustable feet in pressed metal.

FEET: burnished steel. Adjustable thermoplastic glide foot.

CARCASS: panels in wood particle board (class E1, CARB P2/TSCA Title VI certified), black Sablè melamine-coated. Or blockboard panels veneered in Dark oak, finished with transparent water-based or solvent-based coating.

DRAWERS: panels in wood particle board (class E1, CARB P2 / TSCA Title VI certified), in melamine-coated Sablè black for cabinets in Sablè black melamine-coated. Or blockboard veneered in Dark oak, finished with transparent water-based or solvent-based coating for cabinets veneered in wood, installed on runners with soft-close system. They are equipped with two internal dividers.

FRONT PANELS: melamine-coated wood particle board panels (class E1, CARB P2 / TSCA Title VI certified), glossy lacquered in polyester (please see 'materials collection' section at the end of the price list). Or in blockboard veneered in brushed Dark oak or Dark oak freehand (design Piero Lissoni), finished with transparent water-based or solvent-based coating. Or in blockboard veneered in Dark oak coupled with De Castelli sheet in striped brass, grey striped steel, dark délabré steel or brass freehand (design Piero Lissoni). Or internal panel in structural aluminium covered by black DRY powder-coated aluminium.

TOP: back-painted reflective glass, coffee coloured. Or melamine-coated particle board panel (class E1, CARB P2 / TSCA Title VI certified), glossy lacquered in polyester (please see 'materials collection' section at the end of the price list). Or in De Castelli sheet in striped brass, grey striped steel, dark délabré steel or brass freehand (design Piero Lissoni).

INTERNAL ACCESSORIES (optional): multilayer covered in dark brown microfibre.

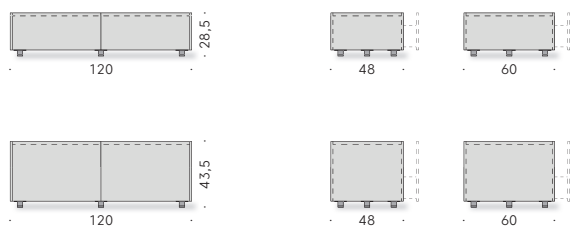

PLEASE NOTE: the tops in glass and De Castelli metal for melamine cabinets, are coupled to a panel in the same finish as the cabinet.

Éléments de rangement

Matériaux:

BASES: acier peint à poudre couleur noir mat, pied réglable en métal estampé.

PIEDS: acier bruni. Patin réglable en thermoplastique.

ELEMENT DE RANGEMENT: panneaux de particules de bois (certifiée classe E1, CARB P2 / TSCA Title VI) en mélaminé noir Sablé. Ou des panneaux de latté plaqués en chêne Dark, fini avec de la peinture transparente à l'eau ou à base de solvant.

TIROIRS: panneaux de particules de bois (certifiée classe E1, CARB P2 / TSCA Title VI) en mélamine noir Sablé pour éléments en mélamine noir Sablé. Ou panneaux lattés plaquée en chêne Dark, fini avec peinture transparente à base d'eau ou à base de solvant pour éléments plaqués en bois, montés sur glissières avec mécanisme d'amortissement. Dotés de deux séparateurs internes.

FAÇADES: panneaux de particules de bois (certifiée classe E1, CARB P2 / TSCA Title VI) mélaminés, laqués brillants en polyester (voir chapitre 'collection matériaux' à la fin du tarif). Ou panneaux de lattés plaqués chêne Dark brossé ou chêne Dark freehand (design Piero Lissoni) fini avec peinture transparente à base d'eau ou à base de solvant. Ou panneaux lattés plaqués chêne Dark accouplé avec tôle De Castelli en laiton strié, acier strié gris ou acier délabré foncé ou laiton freehand (design Piero Lissoni). Ou panneau interne en aluminium structurel revêtu en aluminium peint à poudre couleur noir DRY.

TOP: verre réfléchissant trempé rétro-peint café. Ou panneau de particules de bois (certifiée classe E1, CARB P2 / TSCA Title VI) mélaminé, laqué poli en polyester (voir chapitre 'collection matériaux' en fin de tarif). Ou en tôle De Castelli en laiton strié, acier strié gris ou acier délabré foncé ou laiton freehand (design Piero Lissoni).

ACCESSOIRES INTERNES (en option): multiplis revêtu en microfibre couleur marron foncé.

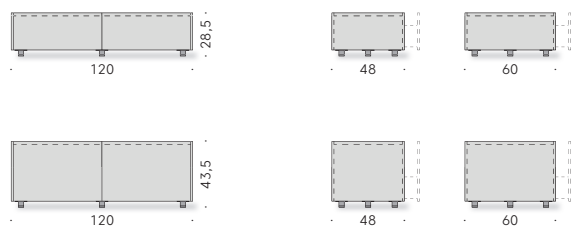

N.B.: les tops en verre et en tôle De Castelli pour élément en mélaminé sont accouplés à un panneau dans la même finition que l'élément.

Schränkelemente

Materialien:

UNTERGESTELL: Stahl mit mattschwarzer Pulverlackierung, einstellbare Füße in gestanzten Metall.

FÜSSE: aus brüniertem Stahl. Verstellbarer Thermoplast-Gleitfuß.

KORPUS: Spanplatten (zertifiziert Klasse E1, CARB P2/TSCA Title VI), melaminbeschichtet in schwarz Sablè. Oder Tischlerplatten, furniert in Eiche Dark, endbehandelt mit transparentem Lack auf Wasser- oder Lösemittelbasis.

SCHUBLADEN: Spanplatten (zertifiziert Klasse E1, CARB P2/TSCA Title VI), aus melaminbeschichteten schwarz Sablè für Korpusse aus melaminbeschichteten Paneelen schwarz Sablè. Oder holzfurnierte Tischlerplatten in Eiche Dark, für Korpusse holzfurniert, endbehandelt mit transparentem Lack auf Wasser- oder Lösemittelbasis. Führungsschienen mit Einzugsdämpfer. Ausgestattet mit 2 Innenunterteilungen.

FRONTPANELE: Spanplatten (zertifiziert Klasse E1, CARB P2/TSCA Title VI), melaminbeschichtet, Polyester-Glanzlack (siehe Kapitel „Materialienkollektion“ am Ende der Preisliste). Oder holzfurnierte Tischlerplatten in Eiche Dark gebürstet oder Eiche Dark freehand (Design Piero Lissoni), endbehandelt mit transparentem Lack auf Wasser- oder Lösemittelbasis. Oder holzfurnierte Tischlerplatten in Eiche Dark verbunden mit Blech De Castelli in Messing gestreift, Stahl gestreift grau, Stahl délabré dunkel oder Messing freehand (Design Piero Lissoni). Oder Innenverkleidung aus strukturellem Aluminium beschichtet mit Aluminium mit schwarzer Pulverlackierung DRY.

OBERPLATTE: rückseitig kaffeefarben lackiertes reflektierendes Glas. Oder Holzspanplatten (zertifiziert Klasse E1, CARB P2/TSCA Title VI), mit Melaminharzbeschichtung, Polyester-Glanzlackiert (siehe Kapitel „Materialienkollektion“ am Ende der Preisliste). Oder Blech De Castelli in Messing gestreift, Stahl gestreift grau, Stahl délabré dunkel oder Messing freehand (Design Piero Lissoni).

INNENZUBEHÖR (optional): Schichtholz mit Bezug aus dunkelbrauner Mikrofaser.

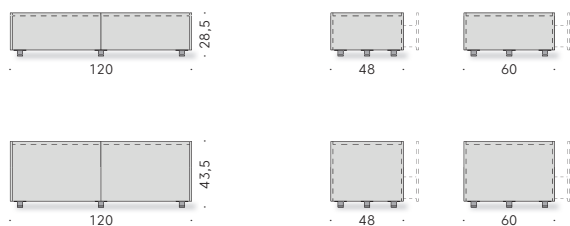

Hinweis: Die Platten aus Glas und De Castelli-Metall für Melaminschränke sind mit einem Paneel in der gleichen Ausführung wie der Schrank verbunden.

Muebles contenedores

Materialles:

BASES: acero pintado al polvo color negro mate, pie ajustable de metal moldeado.

PIES: acero bruñido. Bajo-pie ajustable de termoplástico.

MUEBLE CONTENEDOR: paneles de partículas de madera (certificado clase E1, CARB P2/TSCA Title VI) en melamina negra Sablè. O paneles de madera alistonada chapados de roble Dark, acabado con barniz transparente al agua o al disolvente.

CAJONES: paneles de partículas de madera (certificado clase E1, CARB P2/TSCA Title VI), en enblecido negro Sablè para contenedores en melaminico negro Sablè. O paneles de tablero de madera chapados en roble Dark, acabado con laca transparente en base agua o base disolvente para contenedores chapados de madera, montados en guías con mecanismo de cierre amortiguado. Proveidos de dos divisorios internos.

FRENTES: paneles de partículas de madera (certificado clase E1, CARB P2/TSCA Title VI) de melamina, lacados brillantes de poliéster (ver capítulo 'colección materiales' al final de la lista). O paneles de madera alistonada chapados de roble Dark cepillado o roble Dark freehand (design Piero Lissoni) acabado con barniz transparente al agua o al disolvente. O paneles de madera alistonada chapados de roble Dark acoplado con chapa De Castelli de latón estriado, acero estriado gris, acero envejecido oscuro o latón freehand (design Piero Lissoni). O panel interior de aluminio estructural revestido con aluminio pintado al polvo color negro DRY.

TABLERO SUPERIOR: vidrio reflectante retropintado café. O panel de partículas de madera (certificado clase E1, CARB P2/TSCA Title VI) de melamina, lacado brillante de poliéster (ver capítulo 'colección materiales' al final de la lista). O de chapa De Castelli de latón estriado, acero estriado gris, acero envejecido oscuro o latón freehand (design Piero Lissoni).

ACCESORIOS INTERNOS (opcionales): multicapa revestida en microfibras color marrón oscuro.

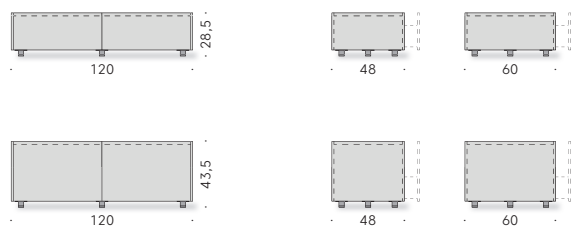

N.B.: los tableros superiores de vidrio y de chapa De Castelli para mueble contenedor de melamina, se acoplan a un panel del mismo acabado del mueble contenedor.
